

$$\text{Lim } M(\pm)^- \rightarrow \mathbf{P}$$

A posteriori, abstract, representational, and elemental heuristics halo epistemics "objectively." Pole imagery is a priori—logically not temporally pre-objective. Portaled past provisionality, the poles depict epistemic fields redemptive to reality.

Abstraction

$$\mathbf{P} < M(\pm) \rightarrow \mathbf{T} < \mathbf{R}$$

Representation
