Preface

We struggle as if concepts foreran
conception.

Imprecision exacts temporality in kind.

1.

**A God who shares
what we know fails
precisions of divinity.**

2.

Redundancies abjure
realities.

3.

Personal gods rise in
the guise of fatalities.

4.

Divinities lure
generalities in
despair of
unspeakable worlds.

Postscript

Symmetries dream identities.

Worlds breathe minds.

Theologies obviate divinity.

Senses of divinity are distances from
God.

The God we approach disappears.
